

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage contact: Southern Tier Building Trades Benefit Plan Office at 202 W. Fourth Street, Jamestown, NY 14701 (Telephone No. (716) 664-4391). For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.dol.gov/ebsa/healthreform.com or call (716) 664-4391 to request a copy.

Important Questions	Answers	Why This Matters
What is the overall deductible?	\$300/individual or \$600/family. In-patient hospital services, maternity care, surgery, routine physicals, & prescription drugs do not count toward this deductible. (Deductible may be eligible for payment from individual reimbursement account.)	Generally, you must pay all of the costs from providers up to the <u>deductible</u> amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. Prescription drugs, immunizations, routine physical exams, chiropractic visits, & preventive health screenings, surgeon fees, vision benefits & pre/post-natal maternity care (except diagnostic x-rays, lab tests & exams).	This plan covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply.
Are there other deductibles for specific services?	Yes, for in-patient hospital services. \$200/in-network stay, \$500/out-of-network stay. There are no other specific <u>deductible</u> amounts. (Deductible may be eligible for payment from individual reimbursement account.)	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	\$2,500/individual or \$5,000/family. (Out-of-pocket expense may be eligible for payment from individual reimbursement account.)	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.

Important Questions	Answers	Why This Matters
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>co-payments</u> , <u>in-patient hospital charges</u> , <u>vision care expenses</u> , charges in excess of a <u>plan</u> dollar allowance or per visit limit, <u>balanced-billing charges and health care</u> <u>this plan does not cover</u> .	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.novahealthcare.com/Members/FindaProvider.com or call (716) 664-4391 for a list of hospital <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a referral.

 All <u>copayment</u> and <u>coinsurance</u> costs shown in this chart are after your <u>deductible</u> has been met, if a <u>deductible</u> applies.
